

Submitter:

Darcy Cordell

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon has proven time and again that mail-in voting is safe, inclusive and efficient. Every registered Oregonian deserves the right to vote without having to sacrifice safety or income. This would punish rural, disabled, elderly and young voters. There is no need to build barriers where none are needed. It would be incredibly stupid to move backwards in voting accessibility.
