Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose this. Voting by mail is an Oregon tradition. It is critical in allowing access and equity in voting for people who can't take time off and for those who are physically disabled and could not otherwise participate, making it a significant aspect of democracy. Don't let a few people's bigoted fearmongering take this vital tradition away. This is a matter of states rights and voting access.

Signed a lifelong citizen of Oregon.
