

Submitter: Amy Schutzer

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Dear Senators,

Mail-in voting in Oregon has been the norm for most of my voting life. It has never shown to have fraud in any degree that would alter the outcomes of elections. I strongly oppose a change to Mail-in voting. I have to ask myself, if mail-in voting isn't broken why do the supporters of this measure want to change it? One word: suppression. That would be the outcome of this bill if it passes: suppression of voting. Mail-in voting is roundly supported by most Oregonians, Democrats and Republicans, because it makes sense. Please make sure that all Oregonians' voices are heard and strongly oppose this bill.

Thank you for your time and attention to this matter,

Amy Schutzer
