I support ending mail in voting. While the method of securing the vote to ensure only valid envelopes sent by the state are counted, I personally know several people whose households have received ballots for minors, deceased relatives that lived with them and mentally incapacitated individuals who had never registered to vote. While I'm sure the state does their best to ensure only registered voters receive ballots this has not always been the case. If I KNOW this many, how many others have been sent out? End mail in voting to ensure ONLY qualified, registered voters are able to vote.
