SB210

- 1) Voting by mail is safe
- 2) you have time to sit with your ballot and voters pamphlet, so you can make informed choices.
- 3) it doesn't require you to take off work or adjust your day to go to polling place
- 4) it doesn't require you stand in line all day, and risk the polls closing before you can get in.
- 5) Your voter registration requires ID, and you don't face polling harassment in order to fulfill your right as a citizen.

Republicans are trying to steal these rights from us, and eliminating Vote By Mail is just one more way to make voting difficult. This is especially true for the elderly or infirm or disabled. Please keep this available, not just for Oregonians, but for every American. Thank you.
