SB210

I am writing to oppose SB210. I am shocked that someone would try to take this away. Mail in voting works so well and I am very fortunate to live in a state that has mail in voting as an option. I cant even imagine how this would logistically work to force so many people to show up the day of election to physically cast a vote. Most people have lives to live and with so many people needing to find a place to cast their vote, that would mean everyone would have to take a full day off from work, make sure child care is in order and then plan to stand in line for hours to cast a vote. Mail in voting is way more efficient and fits in with people's lives better. Plus it has been working without issues for decades. Why remove it now? It doesnt make any real sense.

I strongly oppose SB210. Mail in voting needs to remain.
