

Submitter:

Bryan Lewis

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I wholeheartedly oppose this measure. This will make it more difficult for every person to vote. This will decrease voter participation. This will not solve any issue whatsoever, besides make it more difficult for people who have other responsibilities or difficulties getting to the voting booth on election day NOT be able to cast their ballot. The government should be making life better for their citizens, not intentionally causing hurdles and roadblocks.
