

Submitter:

Katrina Thorsen

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

To whom it may concern,

It is imperative that we continue the citizens of Oregon to vote by mail. How many elderly, ill, disabled, or even just a busy parent would be impacted by this decision? Voting by mail gives Oregonians the time to review measures and candidates before they make their decisions rather than a hasty choice because they only have a 20 minute lunch break. Oregonian law makers and citizens will suffer from this decisions and any candidate voting yes on this measure will surely lose this voters confidence.

I implore you to vote with Oregonians best interests in mind. Rather than making a decision that infringes on the freedoms of your constituents.

Thank you.
