On Behalf Of:	SB 210
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

I strongly oppose the change. We have successfully had vote by mail for over 20 years. Please don't change this to in person voting where Oregonians have to stand in line. This can affect people with kids, the elderly, people with disabilities, and people who cannot afford to take time off work to stand in long lines and ballot box issues. This is just an attempt to make voting harder for many people. Please vote NO.
