Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I'm speaking today to oppose in person voting for the state of Oregon. As a disabled senior voting at home ensures that my vote is safely counted without the worry of being forced to go out to a polling site. I believe that our safe and secure voting procedures allows many more seniors and disabled people to participate. I am against voting in person as the only way for me to vote. Thank you.
