Heidi Atwood

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Vote by mail is safe, economical, convenient and encourages voting. The only REAL reason to oppose vote by mail is to limit those voting and the only reason to limit voting in this democratic country, is if you don't agree with those who find vote by mail most convenient or even necessary. Facts don't lie. Voter fraud is incredibly rare and is a false narrative. Please keep voting by mail in place, unless you don't believe in fair and free elections.
