

Submitter:

Wade Wootan

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

When the wicked rule, the people groan. Hackable dominion machines, corrupt people paid to stuff ballot boxes, 11pm til 3am ballot counting shutdowns, Fulton county security cameras showing carry-on baggage hidden under tables full of ballots that needed to be counted still after water main break was claimed, hackers in China and various countries pulling some votes and adding others, corrupt government controlled media paid to share only what the wicked want the whole world to hear. God, thank you for the last four years of shining Your light in the closets of the greedy that have been kept shut by them for 60 years. "We the People" are ,,, ,,, ,,, self governed, God fearing, will always have common sense!!
