Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I heartily support SB 210. There is state and national dis-believe in the election integrity in both Oregon and overall USA. This SB 210 would improve election integrity and voter trust across all party sides. The high school social studies classes teaching American Government do support the one vote yields one voice. There is no better way to teach and guide the next generation voters and citizens questioning government than establishing in person vote with proper identification. This simply shows young voters the VALUE of their voice in their present and future. A person gets so much "junk" mail today, a valid ballot mailed is easily lost or ignored. Having a special day of voters meeting at election polling sites is how more citizen unity may be experienced. I've had my USPS mail often miss delivered and the delay in getting a ballot from a county office in time for proper voting is a high risk. It is a privilege to vote and every citizen should have equal access, that is way I heartily support SB 210.
