

I oppose SB 210 and will oppose any measure that might alter the excellent, transparent, and convenient vote by mail system in Oregon. I previously lived and voted in a state that required electronic voting machines and in-person voting, and it was an inferior system without transparency.

One of things I love most about Oregon is the vote by mail process. Because I can vote at home by mail, I am able to take time to make a thoughtful and considered choice for each measure on the ballot.

Pressure to require in-person voting is not solving any problem. Rather it is part of ongoing attempts to make it harder for people to vote and participate in democracy.

Oregon's election process is a model to be replicated in other states. Stand up to the executive order. Oppose SB210.
