

Submitter:

Tillie Hasson

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose this measure. Oregon was the first state in the nation to adopt vote by mail and it has been our standard for decades. It works. It's easy to do and allows more people to vote, from every demographic. There is no reason to go back to voting in person other than to limit the number of voters. Neither party should object to having more voters.
