Drew Grasty

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

In-person voting is more costly, and time consuming, and when Election Day isn't a national holiday we have to make sure we fit it in to our schedule or risk missing the window to vote. It's restrictive and suppresses vote counts. Also when you have a party that is filled with violent rhetoric many Oregon voters risk violence or harassment at the polls. Voting by mail makes sense, it's easy, and makes it more likely that people's votes will be heard. Any election interference has always been done by the people who oppose vote by mail. Thank you for hearing me out.
