

Submitter:	David Parker
On Behalf Of:	democracy
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

Oregon's vote by mail is secure and accessible for all of us. This bill is designed to make it more difficult for people to vote, particularly those who might oppose our current President's unconstitutional and illegal actions. Elections are run by the states, not the Federal government. Please kill this bill that threatens our ability to reclaim our democracy.
