

Submitter:

Harlee Tierney

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose this measure. The mail in voting system allows working people to vote. It is a cheap, effective system that has worked for decades. If this passes, it will cause voter suppression in Oregon, make the cost of voting higher, cause lower voter turnout and put unnecessary strain on voting officials and staff. Vote no to this appeasement to the fascist regime in the Whitehouse. Shame on all who created, submitted and support this garbage!
