SB210

Our mail-in ballot system is secure, smooth and free of any hint of corruption or rigging. It encourages people to vote by making it as easy as possible to cast a ballot without having to take time off work and wait in long lines.

As far as I can tell, no serious allegations have ever been shown to have any merit whatsoever. This bill appears to me to be yet another attempt to discourage democracy by people who don't like losing elections. Please vote No.

Thank you for your time.
