Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Removing mail-in voting is an affront to democracy. We should be making elections easier for all Oregonians. Mail-in ballots are an essential part of being able to review and select which representatives and ballot measures appropriately. David Brock Smith is an election-deny lunatic who represents a minuscule fringe fraction of other election denying lunatics. He is unfit for public office and should be laughed out of the capital.
