

Submitter:	Mike Sears
On Behalf Of:	Self
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

Greetings:

Our State is not able to provide complete security of mail in ballots as noted from November's election. The mail in ballots had dual addresses on the envelope resulting in the return of the ballots to their home addresses. The tabulation machines are accessible by internet connects that can be used to change poll numbers.

Support paper ballots, bring true voting representation back to Oregon.

Thank you for your consideration

Mike Sears
