

Submitter:

Lauren Newman

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Repealing vote by mail would be a ridiculous, wasteful, costly effort and I hope the governing body quickly shuffles this measure off the mortal (bill) coil. I appreciate being able to study/vote for measures and candidates in my own home. These fearmongering tactics are obvious voter suppression by groups contrary to the Will of the People. Because they know the outcome when everyone has equal access to the ballot.
