SB210

Regardless of election officials, like Tobias Reed, Oregon elections, from registration, vetting, and drop boxes through delayed ballot counting is overflowing with fraud at every level. Nothing is secure.

We haven't had conservative representation since vote by mail became law, in over 30 years.

As voters, all we have is our vote and calling our elected representatives, which is an exercise in futility.

Oregon is a failed state as evidenced by graduation rates, homelessness, budget overruns, crime, illegal migrants who do vote, etc.

Secure our votes and elections. Eliminate vote by mail.

Thank you,

Margaret Main
