Jacob Flanagan

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I absolutely oppose moving away from mail in voting being the standard in Oregon. I have lived in other states and had to deal with in person voting, it takes forever and it can be difficult to properly vet the candidates for all of the races if you aren't able to sit down and research.

Vote by mail is secure and allows those of us who work and take care of children to find the time to be active citizens.
