Since vote by mail only has been enacted in Oregon, there has been blatantly obvious singular party control. This has so obviously been from lack of regulation and verification in the vote by mail process. I stand by neither of the two main parties. However as a patriot, this is concerning and should be highly concerning to every member of the state government. I whole heartedly believe that if this does not pass, state government will be in more hot water than they've ever experienced because Oregonians are simply fed up with not having their voices heard. Since vote by mail has been our only opinion, Portland has single handedly decided the outcome of ever single state wide election we have held.

PLEASE DO YOUR JOBS AND PASS THIS VERY REASONABLE MEASURE.
