SB210

The option for mail in voting is VITAL to ensuring that everyone has the chance to vote in an election - since Election Day is not a holiday, it is so much harder to vote in person when you have to work all day. Those of us who are fortunate to be able to drive ourselves or make time to do so can vote in person, but it is ESSENTIAL that we keep mail in voting for those of us who can't drive, who are disabled, who need to be home for childcare or care of a family member, or who work during the open Polk g hours. There is no good reason to get rid of mail voting and if it weren't for mail voting, my vote would not get counted as I cannot guarantee that I am able to get to the polls in person on Election Day.
