I was a poll watcher in Wash Co for 2 election cycles. The amount of signatures I witnessed that obviously did not match was astonishing. Clearly, we need in person with ID to get election integrity back. I also attended Washington Co city council meetings regarding non citizens automatically being registered to vote at DMV. The testimonies I heard were compelling and disturbing. This is illegal. We need to follow the law. In person voting with valid ID is the only way to move forward in a way that Oregon citizens feel confident in election results.
