Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Mail-In voting has been successful in Oregon for years. It is less costly to the State, and far more accessible to the elderly, and disabled citizens, and those who have work schedules that prevent their ability to access the voting stations. Mail-in voting is also more secure and private. I strongly oppose in-person voting. It is discriminatory. There is no data to suggest that there has been any fraud in Oregon with mail-in voting.
