

Submitter:

Kevin Currie

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Ladies and Gentlemen,

It is incomprehensible to me that any American citizen, that any lover of liberty would work so hard to make it harder for individuals to vote. Since vote by mail was instituted, we have seen greater participation in our democracy here in Oregon. Any attempt to reduce participation is a thinly veils attempt by the Trump administration and the Republican for a power grab. Reducing participation, bad. An informed and involved electorate is good.

Kevin M. Currie
