

Submitter:

Hannah Butensky

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Please do not change the standard voting method to in person! Mail in allows me time to consider my options with the backup materials, and gives me flexibility for when I'm able to complete my vote. I have a busy schedule and am not always able to prioritize voting on the day of, so it becomes necessary for me to do so before Election Day. This way of voting is less expensive and allows for a high percentage of eligible voters to get a say in the important matters being decided.
