SB210

Dear Oregon,

Nobody believes we have fair and honest elections anymore. End Vote by Mail. Make Voter ID mandatory. Never in the history of the world has the good guys been the ones that support efforts against transparency. I need an ID to buy alcohol, get a tattoo, board a plane, and my kids need ID to go see an R rated movie. Why on earth would we not require an ID to vote????

Bring back fair elections so we can be proud of our State again.

Thanks,  
Andrew
