

Submitter: Debbi Montrose

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

By all means the democratic way and evolution in our society demands that we uphold rights and responsibilities for mail-in voting that has allowed the ability of voters to cast their ballots. The system has become even more safe and secure since those who have thwarted to upend it.

Thank you to all who strive to uphold democracy, so sad that it has gotten to this point!
