SB210

I am strongly opposed to this bill. We have had vote by mail for almost 3 decades and our rate of voter fraud is almost non-existent. We have much higher rates of return than states without vote by mail. To go backwards would most definitely ensure that some people would be unable to vote- people with mobility and access issues and people who work some very long hours just to name a few. I am a nurse and in the past there were times I had to work overtime and couldn't get to the polling station in time. Please! Do NOT vote for this bill! We have a good system working here and it doesn't need to be fixed.
