Oregon has successfully voted by mail since 1998. The people of Oregon overwhelmingly voted for this method. It is safe, effective and efficient. And especially benefits residents in rural areas, senior citizens and others who may not have a way to get to a polling location. We have had no major evidence of fraud or issues, so I see absolutely no reason to change it. Especially without a vote of the people.

The only change I would like to see is to revert it back to the requirement of arriving by election day (not postmarked).
