

Submitter:

David Illig

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Please keep vote by mail. Drop boxes allow people who worry about security with mail to have another option. Killing voting by mail is a way to reduce % of voters. Voter fraud is extremely rare. Pretending that fraud is a large issue and putting huge measures in place to stop the non existent fraud is a hidden way to stop large numbers of people from voting. This measure is a way to reduce the number of voters. Leave the vote by mail in effect. It works. DPI
