

Submitter: Julie Hutt

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

We MUST PRESERVE voting by mail in Oregon .

1) it is legal

2) it has many safety measures already included in the process

3)it has increased voter turn out, as it helps seniors and people with health issues who may not be able to stand

For any ling periods of time

I feel the only reason they are wanting to change the law is to weed out people they do NOT want to vote
