

Submitter:

Nancy Suzanne Raether

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose making day of in person voting the default method. It will decrease the number of voters and prevent all residents from having their voices heard. This will disproportionately impact poor people, elderly people, people in rural areas, and people who cannot take off from work to vote. This is not good for Oregon.
