Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

This is entirely unnecessary. Oregon has had mail on voting since the 1990s and has been widely accepted by both parties. There is little to no evidence of any wrongdoing in this vote by mail system. There is already voter id system in place in the form of Oregon State id. This coupled with the automatic voting registration for new voters makes voting accessible to the entire state.

THERE IS ABSOLUTELY NO REASON TO CHANGE THIS SYSTEM.
