

Submitter: Cheryl Smith

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I fully support SB 210. It will keep us in better position with the Federal Election integrity laws and will make me feel that Oregon will finally get their own election integrity back. We need every Oregonian that is eligible to vote to do so, but so many people tend to forget about that ballot lying on their tables. I remember as a child watching my parents go into the big brick building while we waited in the car with one of our other parent. It was almost a social event and I learned the importance of casting ballots if I wanted to see changes. Let's pass this bill and help Oregon get on a better path of integrity.

Thank you, Cheryl Smith
