

Submitter: Stephen Barnes

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

So you want to steal from the poor to feed the rich? You want to suppress the poor, elderly and disabled peoples rights to vote?

What kind of cowards actually do this kind of thing? Heartless soulless MONSTERS who want to turn my home into a dystopia.

The kind of bills that you are passing do absolutely nothing but harm Americans; you are all acting like cartoon villains.

Keep mail in votes;

1.the elderly cannot show up in person

2. The disabled also cannot show up in person

3. The poor cannot travel to vote in person and often have issues with ID and paperwork; often mixed with a disability or being elderly.

4.its a cowardly way of suppressing votes and making sure A LOT of Americans cannot vote.

5.its racist; targeting low come often poc communities and neighborhoods, you will effectively be SILENCING THEM.

5.its a corrupt bill that seeks to put another nail in the coffin of our once great state of oregon.

If this bill passes you can say goodbye to the following things;

1.voters confidence in a fair election.

2.your job, we will vote you out in a heartbeat.

3. The state of Oregons wild green scenery, due to YOU voting away our precious land and resources so they can be "liquidated" to feed the rich

4.money, the people will boycott you and anything that effects your pocketbook.

The people of Oregon are becoming restless, are feeling uprooted and attacked by these aggressive corrupt bills and laws attempting to be passed.

All anyone wants is to be able to eat, work and relax without having to worry about having our very lives and well being destroyed by billionaires and politicians licking their boots.

With the way you are acting, i doubt this will ever read by any of these politicians because I know the MONEY already has your minds made up.

Do not pass this bill.

We the people will not forget.

We the people will not forgive.

We the people will not stand for this.
