Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Dear Chair and Committee members,

I oppose this and any bill that would restrict or reduce access to voting for legal Oregon residents. Election days are not national nor state holidays and not all businesses are required to provide employees paid leave to vote in person. People with mobility limitation and other disabilities are further restricted from in-person voting. Mail in voting provides an easy and traceable mechanism for Oregonians to complete this civic duty and results in a more complete representation of the voice of the state's residents. Please do not remove or restrict the ability for ANY registered Oregon voter to vote by mail.
