SB210

I oppose this measure. A change to in-person only voting would obstruct access to voting for many Oregonians, including myself. As a commuter who works an hour away from my residence, I would be unable to vote in person at a polling place without taking time off of work. Since many other people share this situation, and not everyone can afford to take time off of work to vote, we should stick with the current system to ensure everyone can have their voice heard.
