SB210

I am opposed to SB210.

Oregon is the envy of the nation making it easy to vote from home, enabling citizens to use a variety of resources to make well-informed selections on their ballot. When voting in person, it is easy to get overwhelmed by the volume of information voters need to remember to make good choices, the need to find transportation to and from voting locations, the time spent getting to polling locations and (potentially) standing in line.

If we want our government to be FOR THE PEOPLE, then it is incumbent upon us to make voting as accessible and simple as possible. Do NOT return to the BAD OLD DAYS of voting in person.
