

Submitter: Anna Wyss

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

As a native Oregonian I have always been proud that voting in my state has been smooth and effective and efficient. I sit with the voter pamphlet and carefully review each measure and read the pros and cons before I fill out my ballot. Having the ability to vote by mail has made me a more informed and consistent voter.

I also work 12 hour shifts as a nurse in the largest emergency department in Portland. If voting day falls on a day I work it will be impossible for me to vote. The only reason to take away an Oregonians ability to vote by mail is because you want less people to vote. I strongly opposed this bill and demand that my elected representatives opposed it too.
