

Submitter:

Maria Hatcliffe

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This is an unnecessary change to voting requirements and I view this as an obstruction to making voting easy and accessible. Oregon is a leader in having mail in voting available to all which makes voting so easy for anyone who might otherwise have difficulty getting to a polling place. This piece of legislation takes us backwards. Please do not allow such a regressive measure to move forward. Nobody benefits.
