

Submitter:

Matthew Folino

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I heavily oppose any rescinding of or detriment to mail in voting. It is our right to vote and there is no evidence, none whatsoever, that mail in voting is harmful. I will not only not support any bill that tries to limit the public's ability to vote but refuse to support any politician that does. It is a gross mishandling of the office and a disgrace to the ideals of our nation.
