SB210

I have voted both in person and through the mail. I have been so pleased with how easy Oregon made the process of voting, creating better opportunities for all people to participate in their civic duties. If this bill passed, it would only accomplish adding barriers to our already functioning system. This bill would make it harder for participation in our elections, and at a time when the act of voting itself is being attacked. We know these barriers impact low income and marginalized communities most. Do not make access to our elections harder.
