

I have been a resident of Oregon for 45 years. I chose Oregon as my home for an amazing teaching opportunity, the beauty and accessibility of its state and natural parks and the friendliness of its citizens. I was pleased when Oregon became the first state to embrace mail in voting. The effect it had on my life was great. I was able to take my time studying the ballots, talk to friends and research issues before I wrote down and mailed in my votes.

I am opposed to making in-person voting on the date of an election the standard method for conducting an election.

Thank you,
