

Submitter: Matt Gravel

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

This measure takes away many of the working classes ability to participate in fair democracy. It will impact all my employees ability to participate in accessible democracy.

As well as alienate marginalized groups from participating in our democracy . Mail by voting should absolutely be a valid form of vote submission for all who are eligible to vote

Sincerely,

Matt Gravel
