

Submitter:

Cynthia Smith

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Despite looking totally fine, I have a chronic illness that often makes it difficult to stand and walk. In person voting may not be option for me depending on how I feel that day. Voting by mail is wonderful. It really gives me the opportunity to carefully take my time reviewing all the measures & candidates. It is much more accessible for parents of young children, working people, and people with transportation issues. Voting by mail has worked well for Oregon for many years.
